

IT STARTS WITH YOU

YOUR PART:

- Always wear protection.
- Know your status, get tested regularly.
- If positive, seek treatment and take medication as prescribed.

FREE TESTING EVERY FRIDAY.

Together we will
End The HIV Epidemic.

If you test positive, there are effective treatments, but no cure.

WE MUST BE VIGILANT

THERE IS NO CURE

YOU CAN BE THE DIFFERENCE MATTER
Advocate for your health, and the health of your partners and friends.
